GI Loan activity goes At Strong June Clip

GI Loan activity continued strong during June, Summer G. Whittier, Administrator of Veterans Affairs reported today.

There was an increase over May in all areas, except for appraisal requests on proposed construction which showed a slight decline of 2.7 per cent, Mr. Whittier said.

Applications for home loan guaranty jumped 63.3 percent, from 8,705 applications in May to 14,652 the past month. This increase, Mr. Whittier said, reflects the increased appraisal request activity of the past few months.

The highway safety theme for August is Share the Road. Unless you drive, you stand a pretty poor chance of reading these lines again next year.

A spectacular world premiere with a galaxy of Hollywood stars participating will be held August 20 at the Florida State Theaters, Olympia, Beach and Gables in Greater Miami.

The gala event will premiere "Wind Across the Everglades," the Warner Brothers feature picture filmed in Warner-COLOR entirely in the Florida Everglades.

"Wind Across the Everglades" is a Schulberg production written by the prominent author, Budd Schulberg and produced by his brother Stuart Schulberg and directed by Nicholas Ray.

Budd Schulberg is a resident of Sarasota who never loses an opportunity to publicize the Sunshine State. His previous works include such best sellers as, "On the Waterfront," and "What Makes Sammy Run."

"Wind Across the Everglades" deals with Florida and the turn of the century and vividly recounts the battle between the Audubon Society game wardens and a gang of plume hunters whose operation in the Everglades threatened to destroy the beautiful egret which was actually on the verge of extinction.

In the so called gay nineties, my lady demanded egret plumes for her hair and hat, and was indifferent to the fact that to secure them was necessary to kill the mother bird.

We can thank the Audubon Society for the notice and publicity campaign that acquainted the public with the destructive wantonness of wearing egret plumes. The campaign was so successful that before it was completed the wearing of such plumes became a mark of shame rather than of distinction.

Today the egret flourishes in the Everglades and is protected by federal and state laws. The good work of the National Audubon Society completely destroyed the market for egret plumes and wardens put on such a drive that the hunters went out of business.

Starred in the feature roles of the thrilling picture are Burl Ives, Christopher Plummer, Irene Breckenridge and London actor Gypsy Rose Lee, (fully clothed) Tony Galento, Sammy Renick, Chana Eden, Pat Kennedy, Famed novelist Max Kinnear, Kantor, who also acted at Sarasota, and Mary O'Connell, full blood Indian of the Seminole tribe.

In person at the premiere will be most of the principal players as well as many notables from Broadway, Hollywood and Florida. The Florida State Theater people and Hollywood promoters are pulling all stops on this one to make it one of the most outstanding premieres ever staged.

Gala events and festivities will be in progress for several days leading up to the premiere, with the various stars making personal appearances at the Olympia, Beach and Gables Theaters and at other events in the Greater Miami area.

In every respect it will rival the famous premieres of Hollywood itself and Floridians who would like to see the events are invited to make their plans to be in Miami or Miami Beach August 20.

Further information and reservations may be secured by writing Florida State Theaters, Miami.

## Florida Sales And Gas Taxes Up PB County Among Leaders Over '57

According to reports from Ray J. Green, Comptroller of Palm Beach County for the month of June was sixth in the number of gallons of gas sold, seventh in dollars collected, and fourth in amount from the two cents received by counties.

In sales tax this county was seventh in amount for Florida counties during July.

The three counties, Dade, Broward and Palm Beach paid more than one-third of the state's total in sales taxes for the month of July.

Sales tax collections during the month of July, based on June sales, totaled \$11,918,938 an increase of \$2,739,289, 23.11 per cent over the \$8,279,657 collected during the same month last year, and an increase of \$527,281, 5.6 per cent over the \$10,455,656 collected the previous month.

This is the third consecutive month in which improvement has been noted. (The 20.1 per cent increase this July over last July compares with a 30.9 per cent increase this June over June last year and a 28.8 per cent increase this May over last May. In addition, the 5 per cent in-

crease this July over the June compares with a 3.3 per cent increase last July over last June.)

This July report is based on business and sales in Florida during the month of June and indicates a pick-up of business activity during that month.

These figures do not reflect business conditions of this current summer season; based on past years, sales and collections should remain almost constant until early fall.

Gasoline tax collections during July, based on June sales, totaled \$9,065,153, an increase of \$899,777, 11.02 per cent over the \$8,165,376 collected during the same month last year; and an increase of \$144,311, 1.6 per cent, over the \$8,921,065 collected the previous month.

June this year, (like the sales tax collections, gasoline collections also reflected increased business activity during June.

In comparison with the 1.6 per cent increase this July over June last year, the 11.02 per cent increase this July over last June compares with a 4.38 per cent increase this June over last June.)

Mr. and Mrs. Mildred Greer of Ft. Myers spent a few days last week with her sister, Mrs. C. M. Lee and family.

## Casualty Close

One of the real highlights of our trip was a family reunion of Mother's family that was held in Mr. View while we were there. They are a pretty wonderful bunch of folks. I'm sure glad we had a chance to meet so many of them.

We chose a Sunday to ride through the city of New York. As we were driving in we met 4 lanes of solid traffic coming to the country. We drove through China town, the Italian section, the Bowery, and Green-Wood. Then we saw Wall Street and the place where George Washington was inaugurated, also Old Trinity Church with its historic graveyard.

There was a great deal of construction going on in the city, but something had to be torn down for practically every new building that was going up. Many of the new buildings are using stainless steel or aluminum and are very attractive.

We had dinner in an Automat which was lots of fun for the twins. They enjoyed putting money in the slots and getting their food out. They had even bigger appetites than usual.

After lunch we went to Grand Central Station and walked around. It is a very large place and quite colorful. Then there were the United Nations Buildings. There are three buildings in the group, the one tall and slender almost entirely of glass, one of concrete with a round top, and the other sort of in-between. We went in the Assembly Building into the meeting hall where we listened to a lecture on the structure of the UN and it's big job of promoting world peace and understanding. It really has been in there since we were there.

From the UN we drove down Fifth Avenue and saw all the stores where I would like to have charge accounts. We went by Central Park, through Harlem, past Columbia, (which brought back fond memories to Mother) over the George Washington Bridge, and back to Mt. View.

We spent two days with an aunt and uncle in Breezy Point N. Y. where the bay is on one side of their cottage and the ocean just a short distance the other direction. While we were there we went to Coney Island and boy is that big! There are more rides and amusements at Coney Island than anywhere I have ever been. We surely had a lot of fun. We went on practically everything but the parachute drop. Tommy wanted to go on that but I just couldn't see me going 250 feet up in the air and being dropped! and paying for it yet!

While in N. Y. I spent several nights with my cousins in Ridgefield. We went to a dance and had lots of fun. I met so many nice people. Everywhere

## Edgar W. Maxwell Is Candidate For Commission Post

Edgar Way Maxwell, West Palm Beach resident for 32 years, announced today that he will seek election to the County Commission post in District 2, subject to the Democratic primary on Sept. 9.

In announcing his candidacy for this office Maxwell stated that "the ever-increasing burden of taxation being placed on each year will be a major issue of this campaign." He pledges in his platform to work constantly to halt this trend of higher taxes.

His growth in Palm Beach County is a vital one requiring many services for all our people," Maxwell pledges if elected to work full time at the administrative post to bring about efficiency and economy in county government without curtailment of necessary services.

Upon graduation from Palm Beach High School in 1942, Maxwell enlisted in the U.S.

Navy, serving during World War II in both Atlantic and Pacific aboard a destroyer escort.

Released to inactive duty in the Naval Reserve after World War II, Maxwell was employed by the Florida East Coast Railroad in the freight traffic department. He resigned as chief clerk to the assistant freight traffic manager of that line in 1951 to accept the position as commercial agent for the C&O Railroad, traveling all the Palm Beach County for them until becoming associated with Rinker Materials Corp. Prior to his resignation in order to seek election to the County Commission, Maxwell was manager of the Rinker plant in Lake Worth.

Married to the former Bobbie Jean Cobb, they have three daughters and are members of the Memorial Presbyterian Church in West Palm Beach. He is serving on the Board of Deacons and was active for several years as Sunday School teacher and an adult advisor to the Senior High Youth Fellowship of their church.
